Sterling, VA - **ReTested: The Story of a Post-Abortive Woman Called to Change the Conversation** by Cheryl Krichbaum releases Friday, April 12 online and at Ridgетop Coffee & Tea in Sterling, VA.

“My joy was sucked out of me right along with my baby,
and I have been fighting to get it back ever since.” ~Chapter 2

Endorsed by Abby Johnson (“Unplanned” movie) and Kim Ketola (*Cradle My Heart*), *ReTested* is the first book in the Faces of Abortion Series, the pro-life response to #shoutyourabortion.

Whereas #shoutyourabortion aims to justify abortion stories, the Faces of Abortion Series shares stories not to justify what women have done but to explain how their thinking led them to abort. In *ReTested*, Cheryl shares her own story with sadness, shame, and regret because there is no justification for shedding innocent blood.

But if pro-life Christians are going to love women over the life line, then we need people like Cheryl explaining what abortion does to women, how it drains vitality (Psalm 32:4), and how women need healing through the forgiveness of Jesus Christ to be completely restored and living life abundantly.

“I was okay right up until my baby was gone. I could feel my face fall.
I wasn't okay any more.” ~Chapter 2

The book is not just about abortion but also about dealing with family member's mental illness and about worshipping God through all of life's tests. You'll find interview questions and background information about all these topics at facesofabortion.com/retestedmedia.html

ReTested includes over 100 Bible citations in the Appendix in addition to as many verses within chapters. You'll also find references to additional resources, including Care Net, Surrendering the Secret, And Then There Were None, and the National Alliance for the Mentally Ill (NAMI).

ReTested is available for pre-order on Amazon and Barnes & Noble in hard cover, soft cover, and e-book. The audio book will be released at a later date.

Cheryl Krichbaum is an author and speaker who equips Christians to share compassionately with the abortion-minded so that abortion by church attendees is reduced from 36% to zero.
